

# The Hiwassee Loop + TVRM Sunday and Monday, May 4-5, 2025

## Sunday - Etowah, TN to Copperhill, TN

Sunday's run begins just southeast of Etowah, TN, on the Tennessee Valley Railroad Museum's Hiwassee River Railroad (ex-L&N Old Line), following the scenic Hiwassee River into the Hiwassee Gorge. Passing the powerhouse at Reliance, the line continues upriver several miles.

After Appalachia siding, we will climb 426 feet using the famous 8,000-foot-long Hiwassee Loop. The Loop makes 1-3/4 turns around Bald Mountain, keeping the grade below 2%. At points, multiple levels of track are visible. There is a good view of the Apalachia Dam in North Carolina which supplies water to the powerhouse.

From the community of Fanner at the top of the grade, we will travel south through the countryside to the joint cities of Copperhill, Tennessee and McCaysville, Georgia, located beside the Ocoee / Toccoa River (the name changes at the state line).

This will be our Lunch Stop and Turnaround. Food choices include Pizza, Deli, BBQ, Mexican and more.

Sunday: Roundtrip miles: 86    Cost: \$95.00    35 Car Maximum

## Monday - Tennessee Valley Railroad Museum 4119 Cromwell Rd Chattanooga, TN

Monday's run is an optional, extra cost visit to the Tennessee Valley Railroad Museum's operation in Chattanooga ([www.tvrail.com](http://www.tvrail.com)). We will set on at Grand Junction, the museum's depot. From there we will cross Chickamauga Creek and then CSX RR. We pass through the pre-Civil War (1856-1858) tunnel under Missionary Ridge, arriving at the TVRM shops to turn on the turntable. We will make a visit to the shop area (bring your camera). We should get off the track around Noon.

Monday: Roundtrip miles: 6    Cost: \$35.00    25 Car Maximum
